

Controls

Revolve is designed to allow users the ability to control draperies in ways that make the most sense to their needs. Draperies may be controlled manually, with remote, with Pendant activation, via Smart Assist, through phone app, and by voice.

CONTROLS

Pendant Activation	Pull down and release and/or lift up and release to control curtain movement.
Handheld Remote	Multi-Channel remote controls both single panels and dual drapery applications.
Current Touch Remote	Battery powered capacitive touch remote available in wall mount or desktop.
Phone App	Zigbee bridge needed Add devices and create groups, scenes, and schedules.
Voice	Zigbee bridge needed Compatible with Google Home and Amazon Alexa for voice control.
Integration	Integrates into home automation platforms through Zigbee RF or Zigbee Hardwire.
Sensors	Light and Temperature sensors integrated into Sensor Box enable automation without bridge.

COMMUNICATION PROTOCOL FOR CONTROLS

Zigbee	802.15.4 RS-485: 115200 Baud Enables use of the phone app and voice commands
FM	434.625 MHz 2FSK
