Making Everyday Living Extraordinary

We are passionate inventors,

dedicated to making life easier and more luxurious.

To make home and business spaces more modern and convenient, Current Luxury refined the traditional drapery track set with the SilenTrac drapery system. SilenTrac sets itself apart with its quiet versatility. The innovative carrier design makes it compatible with our PINRIPPLE™,

continuous ripplefold, and pinch pleat draperies, plus SilenTrac is ultra-quiet. The noise level mirrors a quiet room.

Watch SilenTrac quietly glide open and closed by scanning the QR code

FEATURES & BENEFITS

Innovative carrier design
Makes SilenTrac compatible with many more types of drapery styles

Unique fascia mount system
Uses clips that snap into the track; no additional brackets necessary

Ultra-quiet operation
Same noise level as a quiet room

Manual and Motorized options
Four options available including; full-manual, manual assist, motorized and motorized-ready.

Dual tracks
Utilize a single control board and power supply

Curtain-Saver obstruction sensor
If draperies held while moving, motor stops to prevent damage

Grouping options
Moving one curtain sends all curtains in group to same position

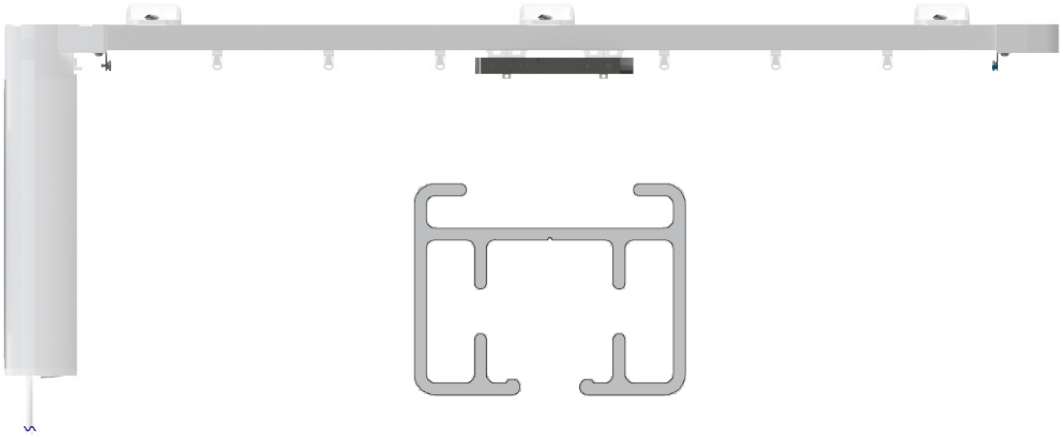
Variety of control options
Manual, Smart Assist, pendant, 3 remote controls, Google smart phone app, Alexa and third-party integration

NOTE: The SilenTrac drapery system comes with a 5-year warranty.

HARDWARE

TRACKS

Our unique track design allows roller and slider carriers to traverse the track smoothly and quietly.



CARRIERS

SilenTrac drapery system's innovative carrier design makes the system compatible with several drapery styles.

PINRIPPLE™

- Slider

- Roller

- Pin Placement

Traditional

- Ripplefold Roller

- Ripplefold Slider

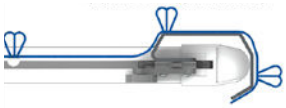
- Pinch Pleat Roller

- Pinch Pleat Slider

Carrier Arms

- PINRIPPLE™ and Ripplefold center draw

- slim pinch pleat center draw



- wraparound pinch pleat side draw
  (also available in PINRIPPLE™ and ripplefold)

BRACKETS

Our bracket options enhance the track and curtain aesthetic.

Standard Bracket

Low-Profile Bracket

Ceiling or Recessed Pocket Brackets

HARDWARE

FASCIAS

Aluminum

1.5″ 90º Bend
1.5″ Full Curve
3.0″ 90º Bend
3.0″ Full Curve

Color Options

POWER SOURCE OPTIONS

Motorized draperies are available in single and dual options, one of which is appropriate for variable fabric weights and track lengths:

- standard single
- standard dual
- single with sensors
- dual with sensors

These motors can be powered by 4 different battery options, 2 wall plug options and a hardwire power and control panel.

Power Sources Include:

- Alkaline 6 D Cell
- Alkaline 8 D Cell
- 7.4V Li-Ion
- 11.1V Li-Ion
- 9V Wall Plug
- 12V Wall Plug
- Hardwire

Lithium ion battery options can be recharged with a wall charger or solar panel.

MANUAL AND MOTORIZED OPTIONS

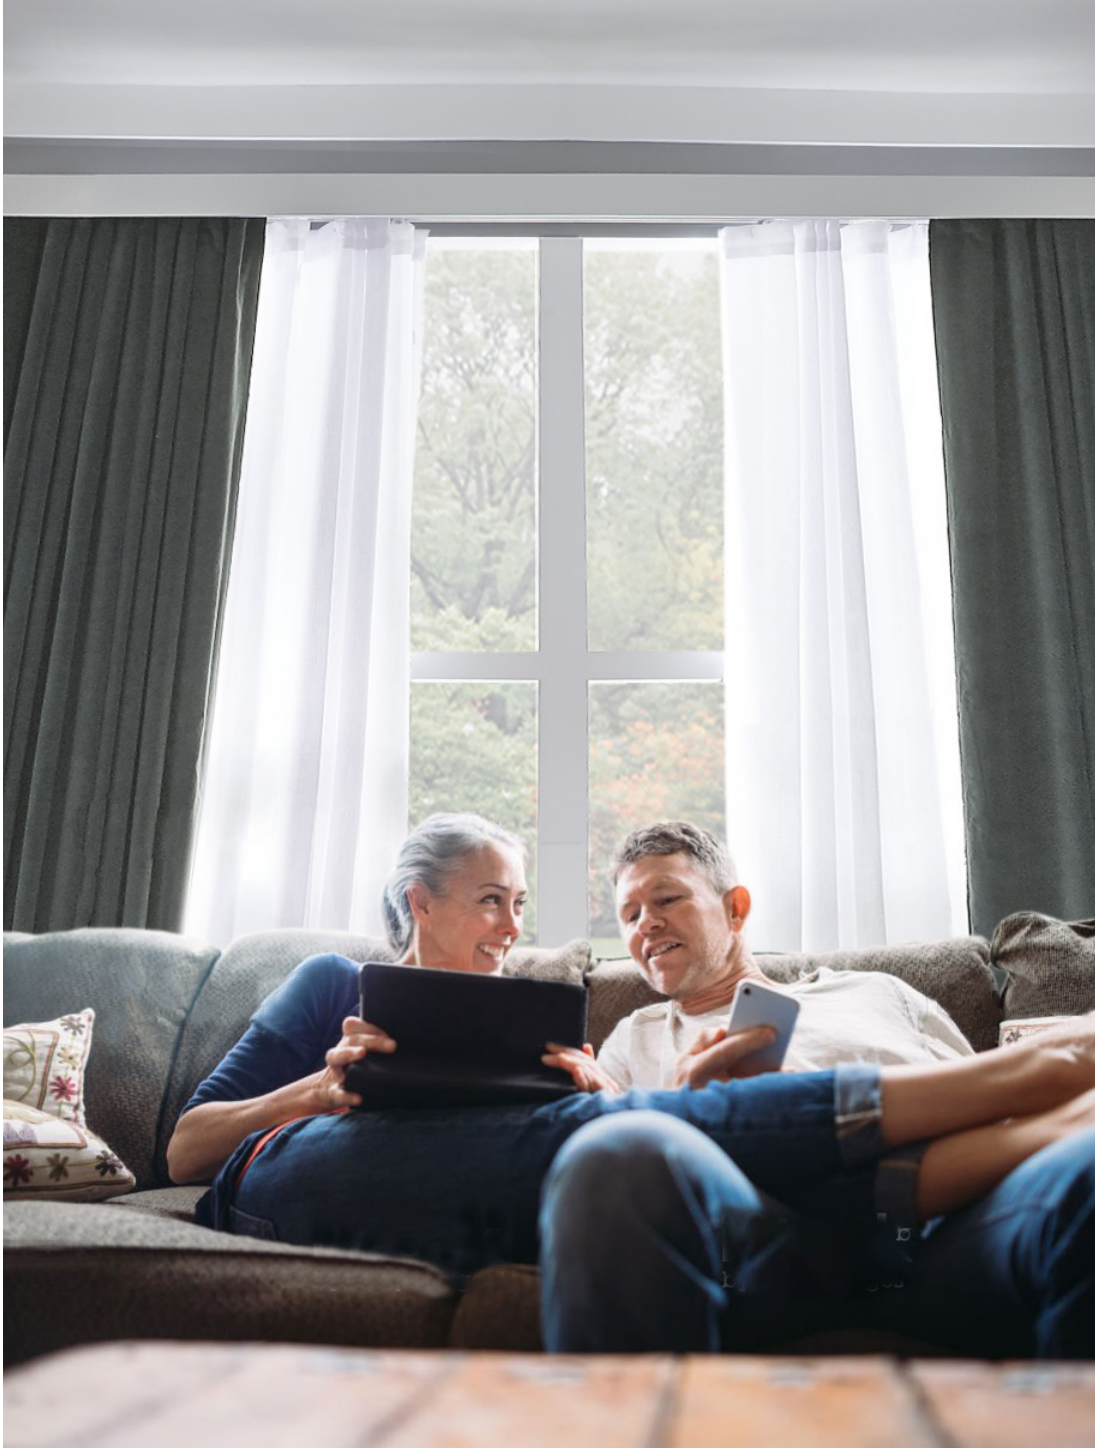
SilenTrac is available in several manual and motorized options—along with options in between—depending on treatment preference for specific windows.

- **Full manual** option permits the drapery to be adjusted manually without the use of a remote, for window draperies that are not open and closed often. It includes a track, carriers and 2 track end caps.
- **Manual assist** option permits both sides of drapery to operate in a center draw. It includes a track, carriers, belt and two motor ends.
- **Motorizable** option allows for a motor to be added at any time. It includes a track, carriers, belt, idle and/or 2 motor ends.
- **Motorized** option can be operated by a variety of remote controls, automated controls and third-party integration. It includes a track, carriers, belt, idle and/or 2 motor ends.

THIRD-PARTY INTEGRATION

Our motorized SilenTrac drapery system is compatible with most industry standard third-party integration technology available.

- RTI Wireless
- Elan Wireless
- Savant Hardwire
- C4 Hardwire
- C4 Wireless
- Amazon
- Google
- IFTTT



Our extraordinary inventions. So far.

We constantly invent new products that add luxury and convenience to our customers' lives. We are also committed to refining and adding new innovations to our products as the home furnishing industry and customer needs change. Many of our inventions and improvements are so innovative that they are patented.
